

# Most States Will See Increased Carrier Participation in 2015 Compared to 2014

## CHANGES IN EXCHANGE CARRIER PARTICIPATION BY STATE, 2014 TO 2015

\*Based on preliminary reports by Health and Human Services (HHS). Issuers that participated in 2014 but had not yet filed rates for 2015.  
 Sources: Issuer participation for select state-based exchanges (HI, KY, MA, MN, NV, OR, and VT) is based on publicly available proposed rate filings and Department of Insurance announcements and news reports published in *Avalere State Reform Insights*, updated September 22, 2014. Participation for federally-facilitated exchanges and state-based exchanges in CA, CO, CT, DC, MD, NY, RI and WA is based on "Health Insurance Issuer Participation and New Entrants in the Health Insurance Marketplace In 2015," Assistant Secretary for Planning and Evaluation, HHS, September 23, 2014. HHS identified issuers by their unique five-digit issuer Health Insurance Oversight System (HIOS) ID. In some cases, issuers with different HIOS ID numbers belong to the same parent company.
